Experience

Freelance Developer

Imani P.M. Media LLC | Virginia Beach, VA

March 2022 – Current

- Acquire project restraints from client and decide on the appropriate tools for the job
- Design mock layouts of how content will be displayed on pages with desktop and mobile in mind
- Create the data structure for projects that will need updated data to persist
- Utilize Git and Github in all projects to allow for version control and testing features on new branches

Freelance Photographer/Brand Strategist

Imani P.M. Media LLC | Virginia Beach, VA

September 2015 – December 2022

- Drafted content plans and built client rapport by maintaining project deadlines
- Provided business growth services by creating marketing plans and social media strategy based on their target audience
- Executed social media marketing strategies for clients by producing photos for lead generation
- Cultivated clients by managing and maintaining their digital assets, both long and short term, through a personalized filing system

International Project Coordinator

ICOOS | Seoul, South Korea

January – August 2018

- Project managed and co-facilitated several international learning trips for Korean college students and supervised nearly 1000 students
- Acted as a primary translator and communicated with local to secure transportation and accommodations
- Guided groups around several European cities and provided English-Korean and Korean-English translation
- Coordinated with University of West London(UWL) staff to organize cultural exchange events for ICOOS participants and over 100 UWL students
